Merry Christmas

COL. 1374 MERRY CHRISTMAS

fondo 064

I now feel that it was then on that evening of sweet dreams that the very first dawn of human love burst upon the icy night of my spirit. Since that period I have never seen an hour, you came without a shiver half of delight half of anxiety. For you you came never passed my lips while my soul drank in with a delicious thirst all that was uttered in my presence respecting you.
